To know Malaysia is to love Malaysia - a bubbling, bustling melting-pot of races and religions where Malays, Indians, Chinese and many other ethnic groups live together in peace and harmony. Our multiculturalism has made Malaysia a gastronomical paradise and home to hundreds of colourful festivals. It's no wonder that we love celebrating and socialising. As a people, Malaysians are very relaxed, warm and friendly.

Geographically, Malaysia is almost as diverse as its culture. 11 states and 2 federal territories (Kuala Lumpur and Putrajaya) form Peninsular Malaysia which is separated by the South China Sea from East Malaysia which includes the 2 states (Sabah and Sarawak on the island of Borneo) and a third federal territory, the island of Labuan.

One of Malaysia's key attractions is its extreme contrasts which further add to this theme of 'diversity'.

Towering skyscrapers look down upon wooden houses built on stilts while Ave-star hotels sit just metres away from ancient reefs.

Rugged mountains reach dramatically for the sky while their rainforest-clad slopes sweep down to floodplains teeming with forest life.

Cool highland hideaways roll down to warm, sandy beaches and rich, humid mangroves. In short, Malaysia has a lot to offer visitors at an affordable cost.

Established in 1984, Binary University is rated as a 5 STAR (Excellent) University by the Ministry of Higher Education, Malaysia. The University is a specialist university For Management, IT and Entrepreneurship. It is the ONLY University that produces a unique breed of graduates called Industry Specialist Professional (ISP) graduates who are equipped with industry - specific skills. This is why Binary University enjoys one of the highest graduate employability among all universities in Malaysia. i.e: rate of 96% (Source: Tracer Study, MOE). In addition to this, all of its graduates are provided with extensive entrepreneurial skills to enable them to climb the corporate ladder faster.

Binary offers PhDs, Doctorate, Masters as well as Bachelor degree programmes and is patronized by international students From over 60 countries. Binary degrees are also being offered in Europe, Africa, Middle East, the Indian Sub Continent and Central Asia.

The university is supported by 5 dedicated research centres in social entrepreneurship, business entrepreneurship, women leadership, ICT and advanced management. The university also produces a peer reviewed journal called the International Journal of Management and Entrepreneurship (IJME) which is subscribed internationally.

The SAP is a specially-designed program to equip international students with a sound understanding of the international aspects of business, entrepreneurial opportunities and leadership skills. The program will comprise the following

a. Taught Modules
b. Industry Visits
c. Travel and Leisure

Binary University offers 2 types of SAP namely
